Can't We All Just Get Along?

The Ice Age and the Spread of Culture

How bad could it get?
How fast?

Commands to Man

- Gen 1:28, 2

Be Fruitful, Increase

- Gen 3

Fill the Earth

- Gen 9:1

So, they...

- **Disobeyed....**
- **God Confused Languages**
- **Finally did what they were commanded to do.**

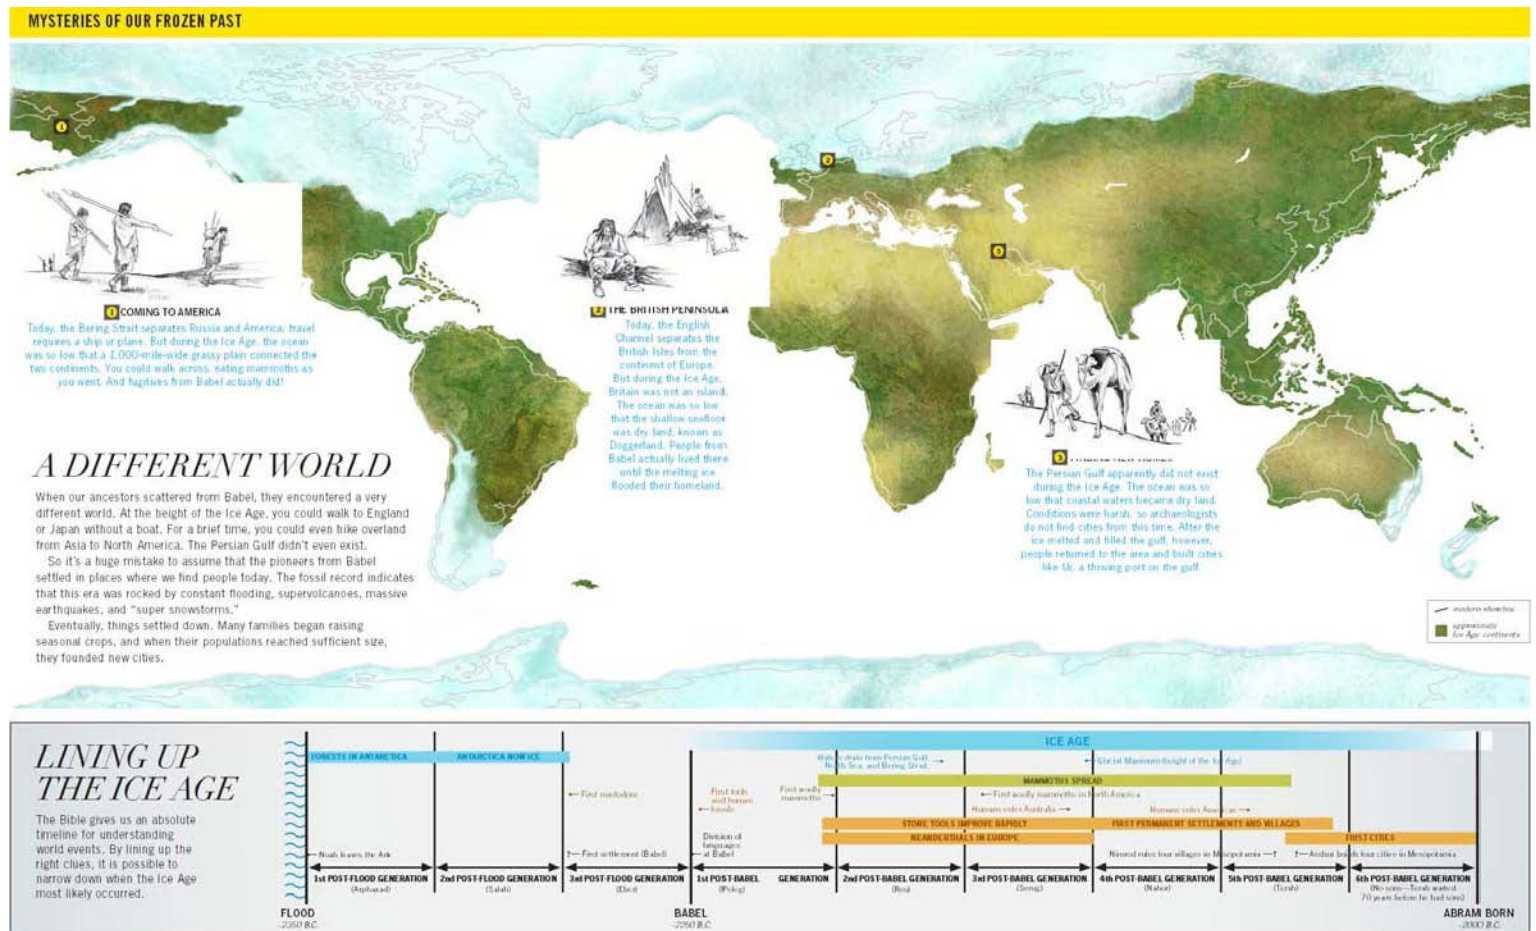

How did they get there?

- Didn't get Along
- Wouldn't Learn
- Easier to Move Away
 - Like in Class
 - Where's the corner?

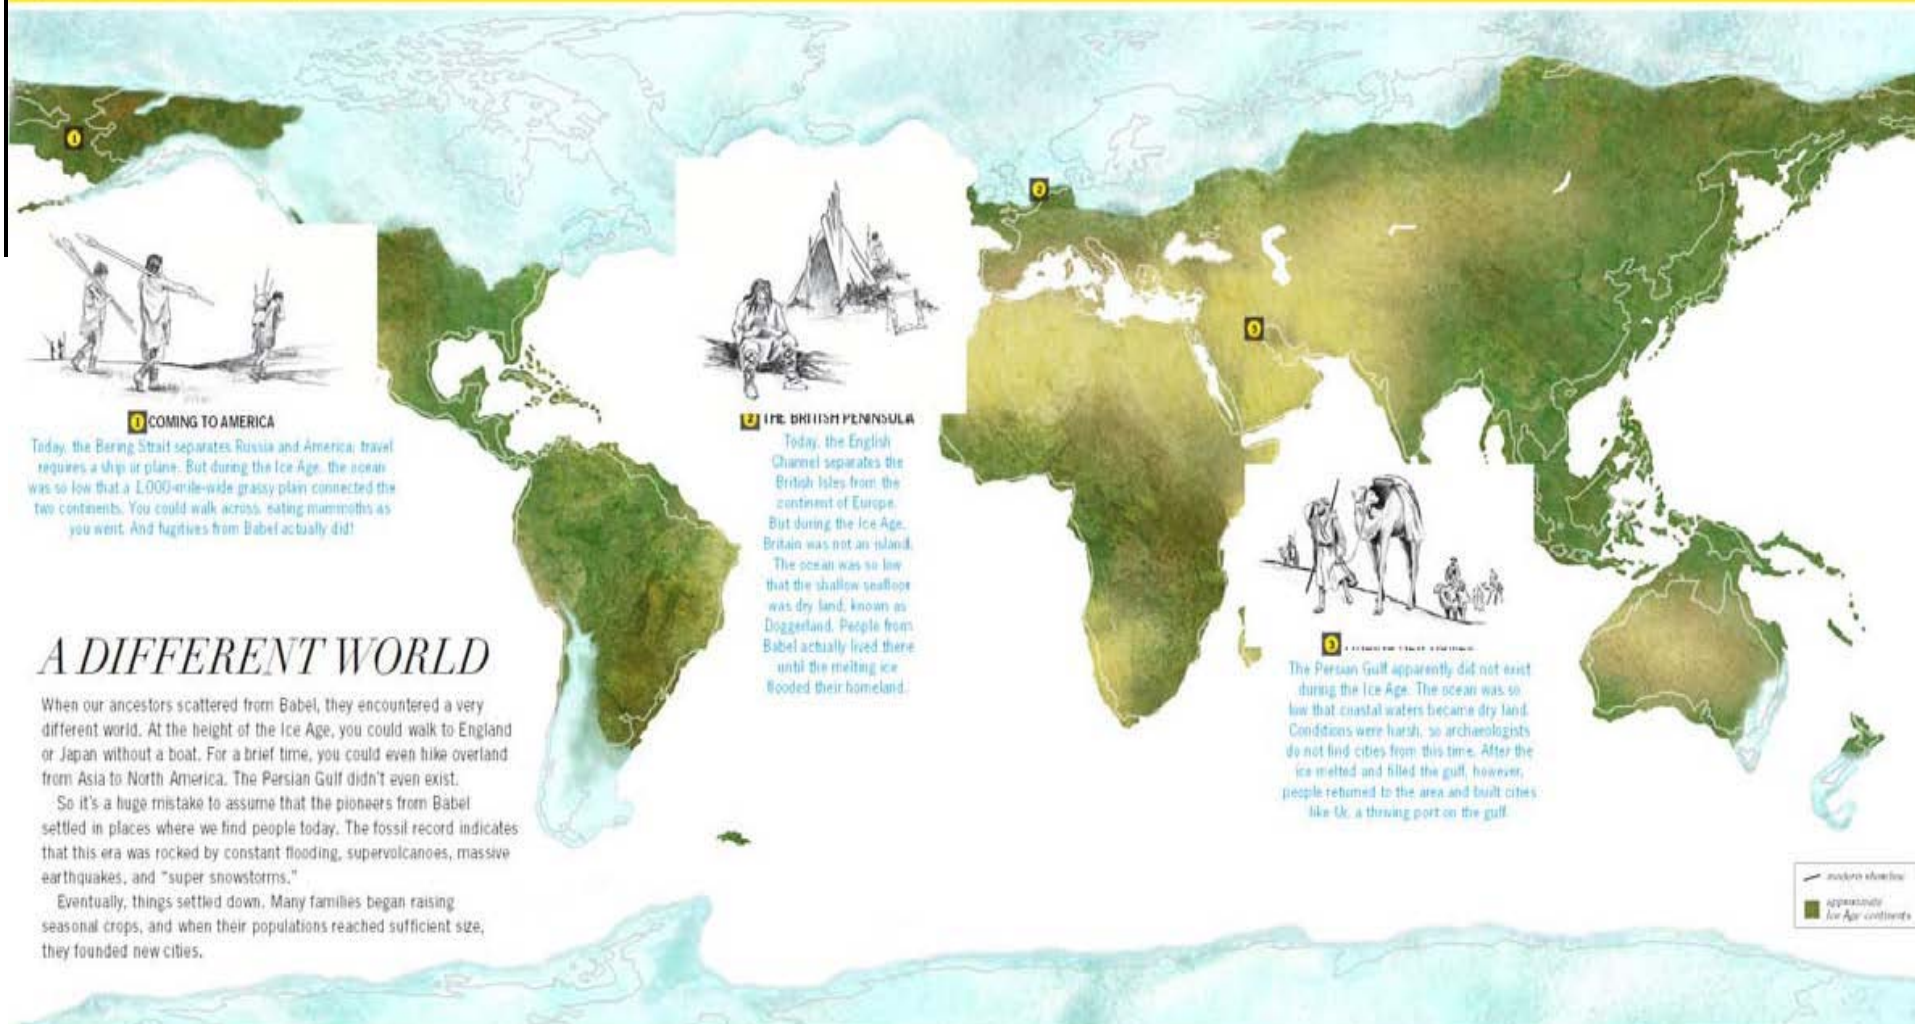

How did they get there?

■ ICE AGE!

MYSTERIES OF OUR FROZEN PAST

A DIFFERENT WORLD

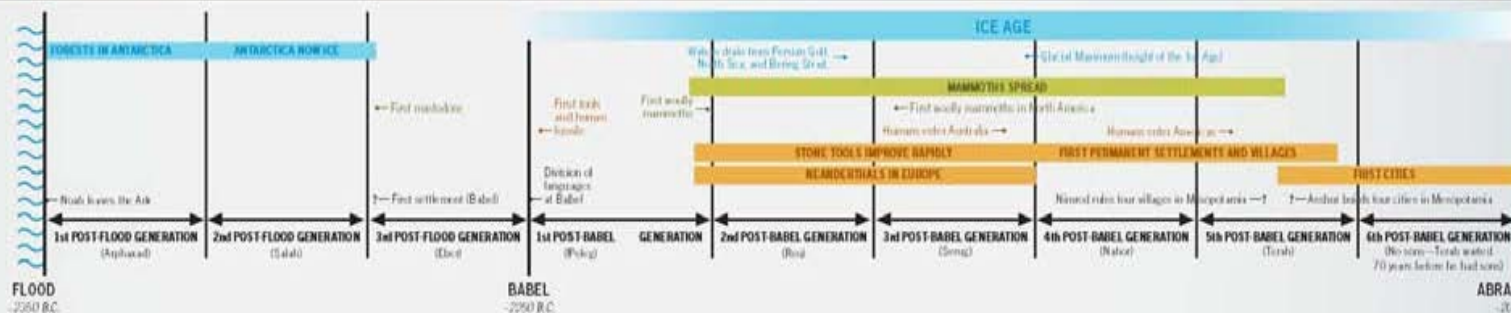

When our ancestors scattered from Babel, they encountered a very different world. At the height of the Ice Age, you could walk to England or Japan without a boat. For a brief time, you could even hike overland from Asia to North America. The Persian Gulf didn't even exist.

So it's a huge mistake to assume that the pioneers from Babel settled in places where we find people today. The fossil record indicates that this era was rocked by constant flooding, supervolcanoes, massive earthquakes, and "super snowstorms."

Eventually, things settled down. Many families began raising seasonal crops, and when their populations reached sufficient size, they founded new cities.

LINING UP THE ICE AGE

The Bible gives us an absolute timeline for understanding world events. By lining up the right clues, it is possible to narrow down when the Ice Age most likely occurred.

Who went where?

What else would you like to know?

- Creation – 6 days, very good
- Good man and woman in good place
- Choose to walk away every time....
 - Curses with promise....
- Flood > Salvation >
Tower > Forced obedience
- Abraham – PROMISE!
